I like to thank the family at EBC for their prayers, means so much. The program is receiving great reviews and the Lord is meeting people's needs. This week we have a powerful testimony of how God can save, deliver and heal someone that was -Sexually abused at 6 years old, grew up in a single parent home, enter a life of drugs for 8 1/2 years from Marijuana to free-base cocaine (crack) and had an encounter with God, instantly healed and delivered from drugs and the powers of darkness. The answer for Nova Scotia's gangs, drugs, crime problems, is Jesus. Join me to pray for a visitation of God to our cities that people may have an encounter with God as this young man did. Make sure you let people know specially those in the same situation. Brother John <https://revivalhour.ca/radio/>
